Sharon Love, M.Ed., CEO of Get Clients You Love, has inspired millions of people and raised millions of dollars with the secrets she teaches. As a teen, she was so painfully shy, that she earned a reputation as “the kid who can’t even talk”. At University of Toronto, she earned a Master of Education degree in Psychology. After years of research, she discovered and created the 7-Figure Secrets, and she went on to inspire thousands of people with live presentations in English, French and Spanish. Then, using these secrets, she empowered over 2 million people with an online social network she created. With one presentation, she raised over \$5,000,000 for a youth self-employment program. After she trained fundraisers in a Toronto charity, their results increased by \$8,000,000. She loves sharing her secrets with ethical entrepreneurs, fundraisers, boards, executives and salespeople, to help them make money by making a difference.
